

Older adults can get more federal tax money this year!

Apply as soon as possible by filing a tax return

For the first time, if you are 65 or older and worked at all in 2021, you can get the Earned Income Tax Credit.

If you are an older adult and work, you can get almost \$2,000 if you do not have dependents and over \$6,100 for 2 dependents.

You could get thousands of dollars - plus other payments!

You can get this money even if you are retired, or don't have dependents.

Have dependents? You can also get up to \$3,600 per eligible dependent child with the Child Tax Credit

- Unlike the Earned Income Tax Credit, you can get the Child Tax Credit even if you didn't work in 2021.

This money does not count for SNAP, TAFDC, MassHealth, SSI, public housing or most other benefits.

Immigrants are welcome! Getting these payments does not impact your immigration status or the status of people you live with. It is safe for you to get the payments you are eligible for.
